We have programmed for Term 2 with a focus on Australia. Our program includes many aspects of how we will learn more about Australia with your children. We have already begun this journey with shared stories about our unique animals that live in Australia.

We invite you to bring in a photograph of your child with their pets at home and/or a photo of your family and pin this up for us. We look forward to learning more about the important aspects of your family.

Our display board by the sign in area will have a display of Australian animals and hands on puppets and animals for children to play and learn with. On our second display board (sleep room area) we will be sharing the children’s art, craft, learning stories and a journey of your own animals. Please take the opportunity to talk, play with your child, they will love to show you what they are doing.

Attached is a NOTICE to hold a Family Day at Glen Forest we are hoping you will all be able to come.

A cat has decided to visit the children at Rural Care much to the excitement and the concern the children have shown the cat, we have named it ‘Scarface Claws’.

This has led the educators to source stories about animals and also to read the story of “Hairy Maclary for Donaldsons’ Diary”

We are asking all our families to compile a A3 page of your child’s family life, maybe what you do together on the weekends. Our large Family Book/folder is in circulation at the moment. If you have OUR FAMILY BOOK, could you please return it to Rural Care. Thank you
**Surviving and Thriving** – A Parenting workshop will be held on Monday 16th June at 12.30 pm till 4.00pm in the Tumby Bay Ambulance Centre.

A Creche will be provided at the Tumby Bay Kindergarten/ Rural Care –cost $5.00 per child. Please phone 86882 108 on Kindy days for further information.

**Promoting your children's wellbeing**

We have just attended training on Kidsmatter Component 3 which is building Partnership, working with parents and carers. Our family day at Glen Forest is an opportunity for us all to further our partnership with you and your children.
